YUTONG. For you, for your business!

As the world's leader,
we are everywhere where
transport companies
demand the best!

Since 1963, Yutong has been designing and building the
coaches and buses that travel every road on the planet.
Currently exported to more than 130 countries, they are
recognised by every transport professional looking not only
for vehicles of exceptional quality but also for a before and after
sales service capable of meeting all of their requirements.

Yutong quality.
Judge for yourself after the first million kilometers!

As a professional in the business of transporting
people, you know better than anyone that the quality
of a coach or a bus can only be truly assessed after
undergoing the test of the road and time. Based
on this intangible principle, we conceive and build

carefully designed vehicles, with the best in equipment
and facilities, which meet your actual needs and are
capable of improving the long-term profitability of your
business

20 years
Over 130 countries and regions
Annual sales volume over 60,000 units
1,000 bus models
43,000,000,000 km
34,000,000,000 passengers

YUTONG Europe. Being close to you, for us it goes without saying!

Yutong Europe.
100% dedicated to your markets,
100% dedicated to your projects!

With bases in France, the United Kingdom and in other countries in Western Europe, the Yutong brand applies the same strategy wherever it is.

Offering transport professionals coaches and buses 100% suited to their market, their local specificities and their expectations. Being close to you means listening to you and providing you with the most suitable solutions, now and in the future.

Being close to you, for us it goes without saying!

Exclusive Yutong distributors.
They're on first name terms!

All Yutong distributors have one essential point in common: they are near by and know you well. It's thanks to them that we can offer you vehicles truly suited to your needs and expectations.

Yutong associated services.
At your side everywhere whenever
we're needed!

The added value of a coach and a bus are also judged on the brand's ability to provide the assistance you need each and every day. Warranties, after sales service, spare parts, buy back your used vehicles, financing.... our distributors and every Yutong team make it a point of honour to offer you the very best service.

Yutong R&D. We innovate every day, just for you!

With more than 4% of our turnover invested every year in research & development, Yutong is once again generally considered the unassailable leader. Ultramodern factories (including one dedicated exclusively to new energies), engineers at the cutting edge of every form of technology, business partnerships with the best international experts... Yutong. Quality goes hand in hand with the future!

Total quality by Yutong. The result of first rate business partnerships and the daily commitment of every one of our teams!

Combining everyone's skill set in a common project, based on shared values. This is the strength of Yutong. This is what enables our brand to continue to advance day after day while consolidating its position as the world's leader. The pursuit for excellence guides our entire strategy. For you and with you.

Yutong industrial processes.
Zero defects is not an objective but a daily reality!

From our designers' initial sketches of a new model to the handover of the keys to your vehicle, nothing is left to change. Design, ergonomics, safety, comfort, energy efficiency... Our industrial processes are there to guarantee your vehicles at the cutting edge of the latest technologies.

Yutong quality test.
Our vehicles are designed and built to stand the test of time...
in complete safety!

At every stage of manufacture, our vehicles undergo uncompromising tests that guarantee you optimal quality and exceptional longevity. As for safety, our demands are once again total: crash test, rollover tests, road simulation test on chassis and end-of process vehicle road tests... No effort is spared to deliver a vehicle to you capable of giving you the best in all circumstances.
